

### **OPTIMISM in Action.**

When you see a friend who is not having a good day, say something to cheer them up.

Tell someone who won an award how proud you are.

Learn to create positive images in your mind when you face new challenges.

The past is history, no point in focusing on what happened yesterday but rather look forward to what opportunities today might present.

Optimism means having a positive outlook on things. It means thinking that things are going to turn out well.

People who are optimistic usually plan ahead and prepare for the things they are about to do, and sometimes that helps things turn out well.
